- Width: 61 mm

## Bulb characteristics

- Shape: Spiral
- Cap/fitting: E27
- Voltage: 220-240 V
- Dimmable

8718291146070

# Highlights

## Energy efficient

All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use fewer kW and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

## Carbon footprint

Energy savers reduce the amount of energy in your home, which not only results in a lower energy bill, but also in less carbon (CO<sub>2</sub>) output by your energy supplier. Together we make this a better world to live in.

## Reliable quality

Philips keeps its promises about lamp performance. You can trust what the Philips packaging is saying about light output, lifetime and wattage equivalent to incandescent lamps.

## Wide-range dimming

Whatever light level you desire, the Philips energy-saving dimmable bulb delivers. Light level can be adjusted to suit the situation, whether that be watching TV, reading, eating or entertaining friends.
